Our Fleet.

Maximum flexibility and reliability.

FleetCrew's hire fleet consists of recent model 4WD specialist Toyota vehicles that meet the requirements of any job or recreational use.

- Mine Spec
- Construction & Infrastructure
- Cars & Ute Hire
- Recreational 4WD Hire

A brand you can trust. Every vehicle in our fleet is specified to meet the highest standards of safety, reliability and functionality. For this reason, we've taken the unique position of building our entire fleet with the renowned durability of Toyota.

Fit for purpose. Our team of highly experienced mechanics are trained and qualified in fit outs including IVMS and are also authorised fitters of suspension for GVM upgrades boosting the load capacity and off road performance of our vehicles.

Our range of 4WD hire vehicles and a selection of our 2WD hire vehicles have tow bars fitted and can tow within the vehicle manufacturers' advised towing capacities.

And to ensure the highest quality is guaranteed, we apply rigorous standards and controls to our third party suppliers of the major parts including bull bars, ROPS and trays.

Get on site every time. As specifications often vary from site to site, we constantly monitor light vehicle specification changes across all of the major contractors and on request will check your specific site requirements to ensure the vehicle is fitted to meet your needs.

Maintain.

Taking proactive measures.

Staying ahead of problems on the road means keeping our vehicles inspection-ready and mechanically sound at all times.

Drawing on industry-leading maintenance expertise, FleetCrew technicians perform consistent, quality, preventative maintenance to reduce cost and risk of breakdowns. This ensures that small issues don't turn into time consuming larger ones.

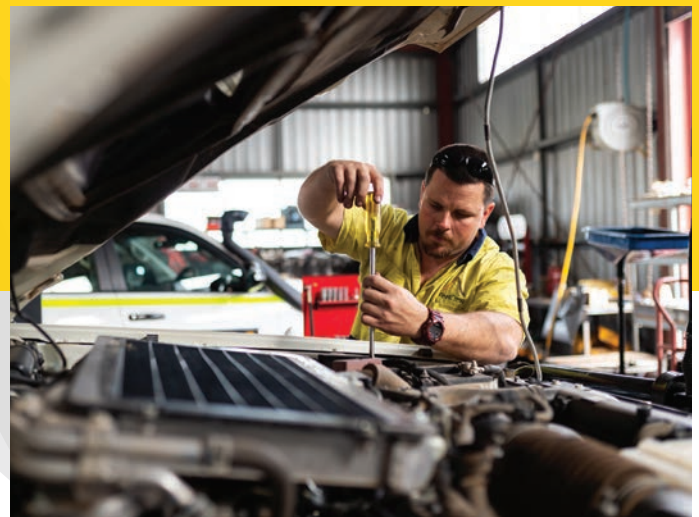

When on hire, we keep in regular contact with you to monitor upcoming scheduled maintenance or to arrange repairs as required. When we identify the need to conduct servicing or repairs, we work with you to determine the most convenient time and location to have the work carried out.

We provide ongoing support with maintenance scheduling and bookings, repairs, registrations, insurances, tolls and roadside assistance. We also offer In Vehicle Monitoring Systems and reporting.

Our maintenance services extend beyond our own fleet with the ability for us to maintain your own fleet in Brisbane.

Our fleet or yours, our focus is to keep you on the road while minimising any down time.

Peace of mind so you can focus on what matters most.

Your expert team.

No challenge is to great.

Our people are our greatest resource... and yours. Dedicated, knowledgeable and experienced, the FleetCrew team are focused on making a difference in the way you do business.

Our expertise, built up over decades in the business, enables us to deliver solutions that ease complexity and increase efficiency for companies of all sizes.

When you deal with FleetCrew you have access to the owners of the business, Ben Harris and Mary-Ann Strelow together with a team of exceptional experts in Brisbane, Dysart, Mackay and Mt Isa.

Think of us as an extension of your team. You don't just hire a vehicle when you hire from FleetCrew - you are hiring a crew of fleet professionals who have prepared the vehicle to the highest standards for your use and safe enjoyment.
