

Experts in site
compliance

Proactive
maintenance

Local knowledge
and support

With one of the largest fleets of late-model mine spec 4WDs, FleetCrew is more than a hire company. We're your project partner, keeping you moving.

FLEET SUPPLY TO AUSTRALIA'S EASTERN STATES FROM
BRISBANE • CANBERRA • CLONCURRY • DUBBO
DYSART • MACKAY • MT ISA • TOWNSVILLE
AND OTHER KEY NETWORK LOCATIONS

Your project partner in the field.

FleetCrew provides specialist mine spec and commercial 4WD vehicle hire from our network of branches across Queensland, New South Wales and the ACT, supporting projects throughout eastern Australia.

We work alongside industries where reliability, compliance and responsiveness aren't optional, they're critical.

Trusted by some of the biggest organisations across:

- Mining
- Civil construction and infrastructure
- Government, defence and emergency response
- Exploration
- Environmental management
- Renewable energy (wind, solar, hydro)
- Education and sporting organisations
- Tourism and leisure
- Traffic control
- Film and television

Tailored solutions. Real support.

No two projects are the same. That's why our experienced crew works with you to deliver the right vehicle and specifications, ready for the conditions ahead.

With FleetCrew, you get:

- Physical locations with fleet available ready to go
- Experienced Branch Managers that know local projects, regional conditions and challenges
- Vehicles built to meet strict site and safety requirements
- Unlimited kilometres, transparent pricing with no hidden conditions
- Long term, short term and flexible hire periods
- Proactive and flexible servicing solutions
- Delivery options across eastern Australia
- Fast access to a knowledgeable, responsive team
- No surprises on pick up, you will receive the vehicle make and model confirmed in your booking
- Proactive maintenance with each vehicle prepared to the highest standards for your use and safe utilisation
- Timely access to a knowledgeable, experienced team

Our Fleet.

Maximum reliability.
Built for the job.

Our extensive fleet consists of recent model vehicles renowned for their durability and performance in harsh conditions.

Sourcing only the best after-market components, we fit-out our vehicles to exceed the challenging demands of Australia's toughest industries, with a strong focus on reliability, safety and compliance.

Our range includes both mine spec and civil spec:

- Utes and Tray Backs
- 4WD Wagons
- 2WD and 4WD Buses
- 4WD Crew Cab Trucks

A brand you can trust.

We've built the core of our fleet around the highly dependable Toyota brand, trusted by Australian industries for over half a century.

A curated range of specialist vehicles complements our fleet, each configured for safety, functionality and long-term reliability.

The right accessories for the job.

Our in-house mechanical crews are specialists in 4WD and mine spec vehicle fit-outs and compliance and will prepare your vehicle as needed including:

- Programable VHF radios
- IVMS, driver fatigue systems, duress and vehicle alarms
- Roadworthy and inspection/safety certificates
- Mine-compliant accessories and safety equipment
- Bio-security and weed and seed wash certificates

Proactive Maintenance.

Keeping you moving.

Staying ahead of problems on the road means keeping our vehicles inspection-ready and mechanically sound at all times.

FleetCrew vehicles are maintained to the highest standard through consistent, preventative servicing carried out by experienced technicians.

Minimise downtime.
Maximise productivity.

We actively manage every vehicle throughout its hire period, including:

- Scheduled servicing and inspections
- Coordinated repairs at convenient locations
- Registrations, insurance, roadside assistance and tolls
- Ongoing communication to plan maintenance around your operations

Flexible support,
wherever you are.

Our in-house expertise is backed by a trusted network of preferred mechanics, allowing us to deliver maintenance and repairs where and when they're needed.

Whether on-site or remote, we work with you to keep your vehicles operational.

Our expert crew.

More than a hire car. Real industry understanding.

With more than 30 years of industry experience, FleetCrew delivers practical vehicle solutions built around the realities of mining, construction and remote operations.

We do more than hand over keys. We work with you to understand site requirements, project timelines and operational challenges to ensure you have the right vehicles, ready to perform.

What we offer:

- Up-to-date knowledge of site requirements including Safer Together, BMA, MIM, Anglo and many more
- Flexible hire arrangements
- Local support from physical branch locations
- In-house maintenance and repair support
- IVMS and fleet reporting
- Transport and logistics support

We stay across changing mine site and project specifications so your vehicle arrives compliant and ready for site access.

Fewer delays. Fewer issues. A smoother start on site.

Your expert team.

When you work with FleetCrew, you're backed by an experienced team focused on reliable vehicles, practical solutions and responsive support.

Think of us as an extension of your operation, helping keep your project moving safely and efficiently.

Let's connect.

Don't just take our word for it...

We've hired vehicles from FleetCrew around forty times, and their service is truly second to none. What sets them apart is their personal touch, and their commitment to fairness and customer satisfaction.

Mick G

After working with the FleetCrew Mackay team for the past three years in tough conditions and through plenty of challenges on our end, they've always been accommodating and willing to go the extra mile when we needed support.

Mark H

I've been hiring from FleetCrew for years and they've always been professional, reliable and easy to deal with. Whether you're a large mining company or a smaller customer like me, the service is the same every time.
